When the sultry days come and the coal range makes the kitchen almost unbearable and cooking a dreaded task, put out the range fire and try the newest method of cooking in hot weather-use a

New Perfection

What a contrast! The kitchen no longer is stifling hot, the work is now done with comfort, and the housewife is not worn out with the heat.

She saves her strength, keeps her health and is better able to enjoy the summer.

The New Perfection does everything that any other stove can do-all the family cooking, baking, washing and ironing. No smoke, no dust, no odor. Heat applied directly and not wasted. A turn, and the flame is out.

The New Perfection stove has a Cabinet Top with shelf for keeping plates and food hot, drop shelves for the coffee pot or saucepans, and nickeled towel racks.

It has long turquoise-blue enamel chimneys. The nickel finish, with the bright blue of the chimneys, makes the stove very attractive and invites clean-liness. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet. Every dealer everywhere; if not at yours, write for Descriptive Circular to the nearest agency of the

There has never been a time in the history of our business when we felt that we were able to give better values in Anthracite coal than we can this season, as we have completed our arrangements to secure our entire supply from two or three of the very best collieries in the Anthracite region, and will have a coal which is uniform in quality, well prepared, and coal that will give far better results than the average.

It is our desire to give our trade the best values that can be had, and we earnestly olicit the orders of our friends and customers.
